Robert C. Seese of Peak Performance Solutions, Inc. Awarded CPCU Designation by the American Institute for CPCU

Malvern, Pa, April 11, 2007: Robert C. Seese has been awarded the professional insurance designation Chartered Property Casualty Underwriter (CPCU) by the American Institute for CPCU. This announcement was made by Peter L. Miller, MBA, President and Chief Executive Officer.

The American Institute for CPCU is an independent, non-profit educational organization that confers the CPCU designation on persons who complete eight rigorous courses and national examinations and meet its ethics and experience requirements. All CPCUs are required to maintain and to improve their professional knowledge, skill, and competence through their commitment to the American Institute's Code of Professional Ethics.

Mr. Seese is Vice President of Business Solutions at Peak Performance Solutions, Inc. and Envision Technology Solutions. Prior to this position he served with several insurance carriers as a Director of Claims and as a Regional Claim Manager. He brings to Peak Performance an extensive background in Personal lines claims, Commercial lines claims, and in the implementation of insurance related technology business solutions.

About Peak Performance

Founded in 2004, Peak Performance is an end-to-end insurance process solution provider offering insurance organizations one-stop shopping for technology solutions and services that deliver measurable and defensible ROI, from reduced operating costs to improved loss ratios. Our unique approach combines mature and proven software solutions with web services and other modern technologies to redefine end-to-end processing. Others look to end-to-end as little more than automating processes from policy and claims, while we extend the definition to include streamlining processes throughout the entire operation.
