Peak Performance Partners with MEA to offer an All-In-One Web-Based Claim & Medical Attachment Submission Solution

Columbus, OH, May 5, 2008: Peak Performance Solutions, Inc. (www.peakpsi.com) has announced an agreement with Medical Electronic Attachment Inc. (MEA) (www.mea-fast.com) to offer web-based medical claim attachment services to the Property & Casualty Industry as part of Peak's WCIRS Solution.

Through this agreement with MEA, WCIRS now offers an electronic repository of medical bill attachments as a front-end solution for the payer and provider markets. WCIRS minimizes the cumbersome processes of obtaining medical bills and attachments. With this single-point-of-service solution, medical bills and attachments can be processed through cost effective, secure WCIRS web services.

The WCIRS web services offer the following to customers:

- Online, timely transfer of medical records
- Receive pre-indexed attachments
- Supports secured HIPAA-Compliant processing
- Allows authorized users to view electronic records
- Facilitates compliance with Worker's Compensation claim processing mandates, including attachments

WCIRS can be utilized with any claims clearinghouse with no cumbersome technology requirements for payer implementation.

WCIRS offers a cost effective and reliable method of document transfer between Providers and Payers. With WCIRS, Claim Administrators will experience streamlined processing of claims and attachments, the ability to budget costs by paying a flat monthly rate, reduction in time spent tracking reimbursement, and have a secure, HIPAA-Compliant method of submitting and receiving medical attachments.

About Peak Performance

Founded in 2004, Peak Performance offers a comprehensive insurance processing solution for Property & Casualty insurance organizations and risk management solutions that deliver measurable and significant ROI, from reducing operating costs to improving loss ratios. Peak's unique approach combines mature and proven software solutions with web services and other modern technologies to redefine end-to-end processing. Others look to end-to-end as little more than automating processes from policy and claims, while we extend the definition to include streamlining processes throughout the entire operation. For more information on Peak Performance's products and services, visit www.peakpsi.com.

About Medical Electronic Attachment, Inc.

MEA, is The Recognized Leader In Electronic Attachments. MEA offers systems designed to make insurance attachment submissions and processing as easy as possible for the Patient, the Provider and the Payor.
